Invited Session IS-13: Advances in Retail Operations

Organizer/Chair: Dorothee Honhon – Jindal School of Management of the University of Texas at Dallas (United States) – POMS

Invited Session IS-14: Emerging Issues in Global Supply Chain Management

Organizer/Chair: Lauren X. Lu – Tuck School of Business of Dartmouth College (United States) – POMS

Invited Session IS-15: Blockchain Enabling Digital Transformations in Services and Operations

Organizer/Chair: Veronica Martinez – University of Cambridge (United Kingdom) – EurOMA

Invited Session IS-16: GMRG - The Global Manufacturing Research Group: Innovative Approaches to Survey Research and Short-Cycle Research Projects

Organizer/Chair: Marcio Thome – Pontifical Catholic University of Rio de Janeiro (Brazil) and Robert Wiedmer – Arizona State University, (USA)

Invited Session IS-17: Digitalization and big data applications in restaurant supply chains

Organizers/Chairs: Xiande Zhao – China Europe International Business School (China), and Kejia Hu – Vanderbilt University (United States) – ASCOM

Invited Session IS-18: Collaborative innovation along supply chain

Organizer/Chair: Zhiqiang Wang – South China University of Technology (China) – ASCOM

Invited Session IS-19: Opportunities and Challenges in C2M Supply Chain Mode

Organizers/Chairs: Xiande Zhao – China Europe International Business School (China), and Yiyang Zhang – China Europe International Business School (China) – ASCOM

Invited Session IS-20: Symbiosis Development between Digital Economy and Green Economy

Organizers/Chairs: Yina Li – South China University of Technology (China), and Fei Ye – South China University of Technology (China) – ASCOM

Invited Session IS-21: Innovations in Platform-based Supply Chain Ecosystems

Organizers/Chairs: Xiande Zhao – China Europe International Business School (China), and Wenhui Fu – South China Normal University (China) – ASCOM

Invited Session IS-22: SCM in renewable energy and e-vehicle industries

Organizers/Chairs: Xiande Zhao – China Europe International Business School (China), and Liang Wang – China Europe International Business School (China) – ASCOM

Invited Session IS-23: Supplier Diversity and Inclusion for Future Operations and Supply Chain Manage (**Also Open track**)

Organizer/Chair: Ying Yang – Newcastle University (UK)

Invited Session IS-24: Ambidextrous management and supply chains

Organizer/Chair: Michiya Morita – Gakushuin University (Japan) – JOMSA

Invited Session IS-25: Recent studies on Japanese engineering management and technology

Organizer/Chair: Kakuro Amasaka – Aoyama Gakuin University (Japan) – JOMSA

Invited Session IS-26: Digital platforms in manufacturing

Organizer/Chair: Hirofumi Matsuo – Kobe University (Japan) – JOMSA

Invited Session IS-27: Supply Chain Management Issues in Developing Economies

Organizer/Chair: Yoshiki Matsui – Open University & Yokohama National University (Japan) – JOMSA

Invited Session IS-28: Scientific Innovation Management

Organizer/Chair: Masaharu Ota – Osaka Gakuin University (Japan) – JOMSA

Invited Session IS-29: Digital Transformation Strategy based on data collection

Organizer/Chair: Munehiko Itoh – Kobe University (Japan) – JOMSA

Invited Session IS-30: Sustainable Operations

Organizer/Chair: Yasutaka Kainuma – Tokyo Metropolitan University (Japan) – JOMSA

Invited Session IS-31: Supply Chain Management in Industries; Education, Practical Issues and Resilience

Organizer/Chair: Ayako Kawai – Gakushuin University (Japan) – JOMSA

Invited Session IS-32: Global supply chain strategy in the era of digital transformation

Organizer/Chair: Young Won Park – Saitama University (Japan) – JOMSA

Invited Session IS-33: Future of technology and operations management in B2B business

Organizer/Chair: Junichi Tomita– Toyo University (Japan) – JOMSA

Invited Session IS-34: The role of humans in advanced digitalized semiconductor production systems and the internet of things

Organizers/Chairs: Sophia Keil and Fabian Lindner – University of Applied Science Zittau/Görlitz (Germany)

Invited Session IS-35: The Role of Digitalization in Enhancing Sustainability in International Logistics Networks

Organizer/Chair: Benjamin Nitsche and Frank Straube – Berlin University of Technology (Germany)

Invited Session IS-36: Digital technologies and risk management

Organizers/Chairs: Boafeng Huo – Tianjin University (China) and Minhao Gu – Tianjin University (China) – ASCOM

Invited Session IS-37: Complex Global Supply Chain – Challenges & preliminary solutions

Organizer/Chair: Hans Ehm – Infineon Technologies AG (Germany)

Invited Session IS-38: Pending title

Organizer/Chair: Fuminori Toyasaki – York University (Canada)

Invited Session IS-39: Humanitarian Operations / Logistics (Also Open track)

Organizer/Chair: Pavel Albores and Oscar Rodriguez-Espindola – Aston University (UK) – EurOMA

Invited Session IS-40: Operational Excellence of Utilities (Also Open track)

Organizer/Chair: Henk A. Akkermans and Wendy van der Valk – Tilburg University (The Netherlands), Finn Winstra – Erasmus University (The Netherlands) and Luk van Wassenhove – INSEAD (France) – EurOMA

Invited Session IS-41: Future of Global Manufacturing Ecosystems (Also Open track)

Organizer/Chair: Jan Godsell – Loughborough University (UK) – EurOMA

Invited Session IS-42: High Performance Manufacturing Project topics

Organizers/Chairs: Jose A.D. Machuca and M^a Mar González-Zamora (Universidad de Sevilla) and Jan Olhager – EurOMA

Invited Session IS-43: Behavioral contracting in the gig economy

Organizer/Chair: Xishu Li (Lancaster University, UK)

Invited Session IS-44: Datasets for Sustainable Supply Chain and Operations Management Research

Organizer/Chair: Matteo Kalchschmidt (University of Bergamo, Italy)

Invited Session IS-45: Modern slavery and labor exploitation: An operations and supply chain perspective

Organizers/Chairs: Stefan Gold (University of Kassel, Germany) and Alexander Trautrim (University of Nottingham's Rights Lab, UK)

Invited Session IS-46: ACEDEDOT Invited Sessions

Organizers/Chairs: José A. Miguel-Davila (Universidad de León, Spain) and Rafaela Alfalla-Luque (Universidad de Sevilla, Spain)

Invited Session IS-47: Revisiting Global Supply Chain Assumptions in the Age of Sustainability

Organizer/Chair: Ben Hazen (Air Force Institute of Technology, USA)
